COCKTAILS INSPIRED BY CUPID

Glass by Sips is the first project of Simone Caporale and Marc Álvarez in Madrid, after the resounding success of their bar in Barcelona -the third best cocktail bar in the world according to *The World's 50 Best Bars*-. To celebrate this romantic day, the *bartenders* have designed two special cocktails that can be enjoyed in the different areas of the hotel from the 10th to the 14th of February.

Red Velvet will be available at the hotel's recently inaugurated cocktail bar. Based on gin, lime, raspberry, laurel and elderflower, it is an elegant drink, slightly citric and with velvety touches of red fruits crowned by a rosehip that emerges from the ice.

THE WINTER TERRACE IN THE SKY OF MADRID

On the **Terraza de invierno del Urban** - located on the sixth floor overlooking the Austrias neighborhood and Madrid's most famous avenues such as Alcalá Street, Gran Vía and El Retiro - guests and visitors can enjoy **Red Sky**. A cocktail only suitable for the most sybarite palates with a base of gin, citrus and red fruits that is finished with cava and mini rose petals.
